

DVD & VHS Video storage cabinet with Drawers

Designed for storage of DVDs and VHS Video cases, our high-quality filing cabinets will provide a safe and secure housing for your media.

The DVD and VHS Video storage cabinet with drawers is available in a variety of sizes, having three to seven drawers.

Drawers are partitioned into three rows, providing storage for around 114 standard DVDs (Without sleeves) or 66 blank VHS video cases per drawer. Because of the various sizes of pre-recorded videos we estimate around 54 per drawer. Figures assume the media is stored front to back.

The DVD and VHS Video storage cabinet with drawers is manufactured from riveted high-quality sheet steel, the folded edges around the front provide for a solid structure. With a wide range of colours available, our DVD and VHS Video storage units can be built to fit any environment.

A top cabinet suitable for additional storage of DVDs is also available. The item may be bolted onto existing units or left standalone. This will give an additional 276" of filing - Approximately 456 standard DVDs. An image is illustrated on page 2 of this document.

Key features

- Fully extendable drawers allow easy viewing and efficient searching even at the rear of the cabinet.
- DVD and VHS video cases sit spine upwards.
- High-quality Accuride® ball-bearing runners mean the drawers glide effortlessly
- The front, back and side of each drawer is made from double-thickness steel to provide rigidity, and this is complemented with a welded partition half way between the front and the back.
- The anti-tilt mechanism ensures that only one drawer can be out at any one time.
- Plastic-card labels on drawer-fronts allow for identification of contents.
- Handles give the media filing cabinet a sleek modern look.
- The storage cabinet is lockable and is supplied with two keys.
- Choice of 18 standard powder coated finishes.

Drawer partitioning

Each row is split into three rows. Partitioning is achieved by way of or plastic-card 'U-shaped' dividers for the DVDs and metal 'U' shaped dividers for the VHS Video cases. These removable dividers seat loosely in each drawer. Two dividers are supplied per drawer.

There are equivalent models for filing of CDs.

Dimensions

- The width of the DVD and VHS Video storage cabinet with drawers is 760mm (30") and the depth is 660mm (26").
- The full depth of the unit (including handle) from back to front when a drawer is fully extended is 1,267mm (50").
- Internal measurements of each drawer are approximately 162mm (6 3/8") high, 660mm (26") wide and 590mm (23 1/4") deep.
- Steel folded to 25mm (1") thickness at the front and on the sides.
- Steel folded to 32mm (1 1/4") thickness on the media cabinet top and base.

Colours examples

The main body of the media storage unit with drawers can be powder coated in one colour with the drawer fronts in another. A few example colours are illustrated below.

Lead times / Delivery and installation charges

Once manufactured the cabinet/s are shipped for next working day delivery via a courier using a door to door service. The cabinet/s arrive on pallets. It is then the responsibility of the customer to remove from the pallet & place where required. Generally there is a flat charge of 55.00 + Vat per cabinet irrespective of the number of drawers, however there maybe slight variations on this depending on the delivery area. Lead time for this service is generally 10-20 working days.

A more personal service is also offered where the cabinet will be installed to a ground floor location & unpacked if required. Additional charges apply to our storage cabinets with 1-6 drawers as detailed: £55.00 for 1 and £90.00 for 2, £135.00 for 3 and £175.00 for 4 delivered to the same address.

A 2-man delivery is required for the 7-drawer models which includes delivery & installation to a 1st floor. Charges are £145.00 for 1 and £180.00 for 2.

DVD/Video Top cabinet standard delivery / fitting charges are £125.00 for 1 and £160.00 for 2.

N.B If the delivery location has step/s either into the property or delivery/installation is required to a first floor an additional £100.00 is required. Prices for a 6-drawer model for example would be £155.00 + Vat for 1.

Additional charges apply to certain areas of the country. Please see Page 4 for details.

Lead times for this service vary & are dependent on other delivery/installations within the area. As such no specific time frame is offered.

Images

DVD top cabinets provide 2 open sided vertical drawers with 6 rows in each. Total capacity 276" of filing. Approximately 456 standard single DVDs (without sleeves).
