

GP storage cabinet with drawers

A purpose built, high-quality GP record storage cabinet containing 3,4,5,6 or 7 drawers. Further storage may be gained by the purchase of a top cabinet or top cupboard. Both these units bolt onto existing cabinets or may be standalone if required.

Models 6557, 4557 and 3557 are designed to store 5" x 7" medical notes. These will securely house GP notes and range in capacity from 460 inches of filing to 690 inches depending on the model chosen. Segregation is achieved via 'U' shaped removable plastic card dividers which are supplied with these units. For example model 6557 with 6-drawers (5 rows per drawer) has 24, model 4557 with 4-drawers (5 rows per drawer) has 12. These may be removed if required. Each drawer on these models is 8 ½" high.

Models 52A4, 42A4 and 32A4 will accommodate both Lloyd George and A4 media. A4 media needs be placed horizontally. These models have both 'U' shaped and 'L' shaped plastic card dividers. Model 52A4 has 20 'U' shaped and 10 'L' shaped dividers, model 42A4 has 16 'U' shaped and 8 'L' shaped, and model 32A4 has 12 'U' shaped and 6 'L' shaped dividers. These fit loosely in the cabinet and may be removed. Each drawer on these models is 10 ¼" high. (260mm)

Our GP storage cabinets with drawers are manufactured from riveted high-quality sheet steel, and the folded edges around the front provide for a solid structure. With a wide range of colours available, our GP storage units can be built to fit any environment.

Key features

- Fully extendable drawers allow easy access to notes, even those at the rear of the cabinet
- High-quality Accuride® ball-bearing runners mean the drawers glide effortlessly (shown in Figure 4).
- The front, back and side of each drawer is made from double-thickness steel to provide rigidity, and this is complemented with a welded partition half way between the front and the back.
- The anti-tilt mechanism ensures that only one drawer can be out at any one time.
- Plastic-card labels on drawer-fronts allow for identification of contents.
- Handles give the media filing cabinet a sleek modern look.
- The storage cabinet is lockable and is supplied with two keys.
- Neat storage of medical notes via 'U' shaped and or 'L' shaped plastic card dividers.
- Option to order frame & drawer fronts in different colours at no additional cost (as image shows).
- Choice of 18 standard powder coated colours.
- Depending on quantities of cabinets required it may be possible to choose from additional powder coated colours.
- Bespoke models may be manufactured to suit clients specific requirements.

Dimensions

- The width of the GP storage cabinet with drawers is 760mm (30") and the depth is 660mm (26").
- The full depth of the unit (including handle) from back to front when a drawer is fully extended is 1,267mm (50").
- Internal measurements of each drawer are approximately 216mm (8 ½") high, 660mm (26") wide & 590mm (23¼") deep. Models 32A4, 42A4 & 52A4 internal heights are approximately 260mm (10 ¾").
- Steel folded to 25mm (1") thickness at the front and on the sides
- Steel folded to 32mm (1¼") thickness on the media cabinet top and base.

Lead times / Delivery and installation charges

Once the product has been manufactured it is placed with the courier for next working day door to door delivery. The cabinet/s arrive on pallets. It is then the responsibility of the customer to remove from the pallet and place where required. Generally there is a flat charge of £55.00 + Vat per cabinet irrespective of the number of drawers, however there maybe slight variations on this price depending on the delivery area. Lead time for this service is generally 10-20 working days.

A more personal service is also offered where the cabinet/s are installed to a ground floor location and unpacked if required. Additional charges apply to our medical storage cabinets with 1-6 drawers as below:

£55.00 for 1, £90.00 for 2, £135.00 for 3 and £175.00 for 4 delivered to the same address.

A 2-man delivery is required for the 7-drawer models which includes delivery & installation to a 1st floor. Charges are £145.00 for 1 and £180.00 for 2.

N.B If the delivery location has step/s either into the property or delivery/installation is required to a first floor an additional £100.00 is required. Prices of a 6-drawer model for example would be £155.00 + Vat for 1.

Additional delivery charges apply to certain areas of the country. See Page 4 for details.

Lead times for this service vary and timeframes are dependent on other deliveries within the area.
