

Optometry/Osteopathic storage cabinet with drawers

Our range of optometry/Osteopathic cabinets are designed for storage of large quantities of record cards and include the following sizes. 5" x 3", 6" x 4", 8" x 5", 8" x 6¼" (A5 vertical **) 6" x 8¼" (A5 horizontal **) or 9" x 6". ** A5 size is 148mm x 210mm (5.8 x 8.3")

These highly desirable UK built heavy-duty cabinets are manufactured using high-quality components for longevity. The use of Accuride® ball-bearing runners for example and the high-quality riveted sheet steel used are all testament to the quality of this product.

N.B. If A5 record cards with plastic sleeve protectors are to be used on the A5 horizontal model we advise purchasing the larger 9"x 6" model.

The product shown opposite has a Burgundy frame with Lilac drawer fronts. Model A5 horizontal.

Key features

- High-quality Accuride® ball-bearing runners mean the drawers glide effortlessly (See page 3)
- Manufactured using 0.9mm steel with a 0.1mm powder coated finish.
- The front, back and side of each drawer is made from double-thickness steel to provide rigidity, and this is complemented with a welded partition half way between the front and the back.
- The anti-tilt mechanism ensures that only one drawer can be extended at any one time.
- Metal card holders with plastic labels on drawer fronts allow easy identification of contents.
- The width of all cabinets (Excluding the A5 horizontal model) will allow the use of plastic sleeves.
- The A5 vertical and 9" x 6" cabinets are supplied with 'U' shaped removable metal dividers.
- 5" x 3", 6" x 4" and 8" x 5" models are supplied with plastic 'U' shaped dividers.
- Handles give the filing cabinet a sleek modern look.
- The storage cabinet is lockable and is supplied with two keys.
- Neat segregation of notes via the 'U' shaped removable plastic / metal dividers.
- The 5" x 3" model can also be used for storage of standard and pre-recorded cassettes.
- Option to order frame and drawer fronts in different colours at no additional cost (as images show).
- Choice of 18 standard powder coated colours.
- Bespoke models may be manufactured to suit clients specific requirements.

Dimensions

- The overall width of the optometry storage cabinet with drawers (**excluding** the 9" x 6" models) are 760mm (30") and the overall depth is 680mm (26 ¾"). The 9" x 6" models are 812mm wide (32").
- The full depth of the unit (including handle) from back to front when a drawer is fully extended is 1,267mm (50").
- **Internal** drawer sizes for the 5" x 3" and 6" x 4" 4-drawer and 6-drawer cabinets, all 8" x 5" cabinets & A5 horizontal cabinets are approximately 185mm high, 660mm wide (26") x 590mm deep (23¼").
- **Internal** drawer sizes for the 5" x 3" and 6" x 4" 8-drawer and 10-drawer cabinets are approximately 127mm high x 660mm wide (26") x 590mm deep (23 ¼").
- **Internal** drawer sizes of the 9" x 6" models are approximately 185mm high x 715mm wide x 584mm.
- Steel folded to 25mm (1") thickness at the front and on the sides
- Steel folded to 32mm (1¼") thickness on the optometry cabinet top and base.
- The A5 horizontal cabinet is **NOT** suitable for storage of notes with plastic sleeves.

Colours

The main body of the media storage unit with drawers can be powder coated in one colour with the drawer fronts in another.

Colours available are Sterling Grey, Light Grey, Cream, Pastel Green, Turquoise, Clover Pink, Burgundy, White Gloss, Brown, Aluminium Silver, Pastel Violet, Lilac, Pastel Blue, Aqua, Capri Blue, Sapphire Blue, Black or Lime Green. Sample discs showing the range of colours are available on request.

Delivery and installation charges

Once the product has been manufactured it is placed with the courier for next working day door to door delivery. The cabinet/s arrive on pallets. It is then the responsibility of the customer to remove from the pallet and place where required. Generally there is a flat charge of £55.00 + Vat per cabinet irrespective of the number of drawers, however there maybe slight variations on this price depending on the delivery area. Lead time for this service is generally 10-20 working days.

A more personal service is also offered where the cabinet will be installed to a ground floor location and unpacked if required. Additional charges apply to our range of optometry filing cabinets with 1-6 drawers as detailed below:

£55.00 for 1, £90.00 for 2, £135.00 for 3 and £175.00 for 4 delivered to the same address.

If the delivery location has step/s either into the property or delivery/installation is required to a first floor an additional £100.00 is required. For example a 6-drawer model would be £155.00 + Vat for 1.

The delivery charge for 7-drawer models includes installation to a ground or first floor.

Lead times for this service vary and are dependent on other delivery & installations within the area. As such no specific timeframe is offered.

Additional charges apply to certain areas of the country. Please see Page 5 of this document.
